

**AOOEC Chair
AGM Report 2019**

2019 was another active year for officials in Ontario. Our current membership is 160 down slightly from 164 in 2018.

Once again, our officials set a high standard of officiating at all Athletic Ontario events.

We were able to procure invitations to out-of-province events including.
McGill Indoor Montreal
Canadian Indoor Montreal
Canadian Championship in Montreal
Canadian Legion Championship in Sydney NS

In addition, Ontario hosted the following events that provided officiating and mentoring opportunities:
AO Indoor & Outdoor Championships
Canadian Combined Events Championships
NACAC Masters Championships

A more detailed report on our extensive mentoring and upgrading program is included in the report of the Director of Seminars and Upgrading.

We are pleased that our website is being updated regularly with news items, upgrading criteria, pertinent forms, and an up-to-date list of officials by Discipline and Level. Officials are urged to check the website regularly for updates.

The AOOEC and various sub-committees of the AOOEC met on several conference calls since last year's AGM.

I was pleased to represent AO officials at the 2018 NOC/AC meeting in Vancouver last December. I am planning to attend the NOC meeting in St John New Brunswick November 21-22.

For 2020 our goal again will be to provide rewarding officiating and upgrading opportunities for all Ontario officials.

I would like to thank the members of the AEOOC for their continuing support and assistance. Thanks also to Anthony Biggar and the AO staff for their continuing work on our behalf.

Peter Hocking
AOOEC Chair
