

AO Town Hall Written Summary – March 10, 2021

Today's Updates:

- The revised AC Selection Criteria for the **Tokyo 2020 Paralympic Games** is now available [here](#).
 - AC will hold a webinar to review these changes and give you the chance to ask questions about the Criteria, Trials or **Paralympic Games** on **Tuesday, March 23 at 6pm EST**
 - You must register in advance using this [link](#).
- If you are struggling to gain access to facility permitting, AO is happy to provide a letter of support for your club to assist you in this process. Please contact Anthony Biggar at anthonybiggar@athleticsontario.ca.

Reminders:

- As certain regions move into different colour zones, it has become more challenging for AO to advise restrictions or regulations. However, we encourage all AO members to be aware of their local colour zones, and understand what restrictions or regulations apply in each zone. Learn more about the five colour zones [here](#). Or review the full regulations [here](#).
 - For example, the recommendation when using workout equipment is for athletes to remain 3m apart, rather than the standard 2m of social distance. Or, when a minimum of 2m of physical distance cannot be maintained, masks must be worn.
 - All AO members must be sure to continue following the [Back on Track Guidelines](#)
 - In addition, all members participating in in-person training must continue using a covid-19 screening system for all attendees.
- We have conducted preliminary meetings with meet directors for the Ontario Track & Field League. We are working on developing a draft schedule, with intention for it to be released within the next week or so. We are hoping to see competitions begin mid-late April, through September.
